### "Never Too Far"

Visit "[Never Too Far](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I know sometimes things make it hard  
Sometimes it seems we drift apart, but  
I'll never let you go, no -  
Words cannot express my love for you

You never have to worry baby  
'cause I won't ever run away  
I'll never leave you lonely  
I'm here for you  
We're meant to be, oh

[Chorus: Repeat 2x]  
I'm never too far  
No matter how far  
Reach out and call  
I'll be right where you are  
Never too far  
With you is where I wanna be  
I'm never too far

So many things you do for me -  
I love it when you hold me baby  
Stare into my eyes, steadily  
This love is so complete

You don't ever have to look nowhere else  
'cause what I have to give  
Is all for you -

Just know that I am here to stay  
I'm not going nowhere  
I'll be here everyday - yeah, yeah

You should know (And you should know)  
I'll never go (I'll never go)  
Far away  
'cause I'm in love

And how I feel (How I feel)  
You know it's real  
I'll never be - too far away (I'm never too far)

[Chorus: Repeat 2x]  
I'm never too far  
No matter how far  
Reach out and call  
I'll be right where you are  
Never too far  
With you is where I wanna be  
I'm never too far

Know that (Know that I)  
I need you (I need you)  
I love you (I love you)  
I trust you (I trust you)  
You are (You are my)  
My baby (Baby)  
Call me - I'll be there waiting

Know that (Iâ€¦)  
I need you (Need youâ€¦I)  
I love you  
I trust you  
You are (You are my)  
My baby (Baby just call on me)  
Call me - I'll be there waiting (I'm never too farâ€¦)

[Chorus: Repeat 2x]  
I'm never too far  
No matter how far  
Reach out and call  
I'll be right where you are  
Never too far  
With you is where I wanna be  
I'm never too far

[Ad lib to endâ€¦]
