You sat me down in shades of gray  
They ricocheted into endless matter  
Your lucid eyes expecting me to stay  
You could not comprehend how shattered I was

I lie awake at night and think about the golden rule of  
love  
You'd better be prepared to pay the price so look  
before you jump

Don't look back baby  
Don't look back baby  
Don't look back

Love has broken you  
And love has broken me

Invisible to naked eyes  
But this euphoria can't be mistaken  
As I?  
Kaleidoscopic images of?

I lie awake at night and think about the golden rule of  
love  
You'd better be prepared to pay the price so look  
before you jump

Don't look back baby  
Don't look back baby  
Don't look back

Cause love has broken you  
And love has broken me  
Love has broken you  
Love has broken me

There is no beginning there is no end  
Eternity is my newborn friend  
Lingering images and starry eyes  
Amazing grace with?  
Hey could you do that again  
Cause you fill me up time and time again

Never need to draw the line  
These moments don't need to be defined  
I'm in a?  
If I told you the story I'd bring you to your knees  
Never knew what I was really missing  
But now I do and?

Don't look back baby  
Don't look back baby  
Don't look back

Love has broken you  
And love has broken me  
Love has broken you  
Love has broken me
