Recorded butterflies in the twilight
Sneak out of the closed
Kioku wa yasashisugite zankoku
Quietly stealing the magic
From my view
Samenai yume alone

Stay with me tonight
Kono namida sora de kagayakeru you ni
Stay with me tonight
Furisosogu DAIYA no shizuku
Reflect my eyes

I bury it in the back garden
Cover it with sticks and leaves
Kakushita itami no koe afurete
Pink avalanches crash down
And seal my eyelids
Kogoeta mama no my heart

Stay with me tonight
Nagareru hoshi atsuku yami wo suberu
Stay with me tonight
Hikari uke omoidasasete
Hold me

Stay with me tonight
Anata to nara ame ni mo utareyou

Stay with me tonight
Kono namida sora de kagayakeru you ni
Stay with me tonight
Furisosogu DAIYA no shizuku
Reflect my eyes

Stay with me tonight
Nagareru hoshi astuku yami wo suberu
Stay with me tonight
Hikari uke omoidasasete
Hold me
