I'm a little good girl

I'm a little good girl

He makes me cry

He doesn't know why

He tries to change me

And says he loves me

Walk on by

Todokanai koe ima ai ni aitai

(His voice can't reach my love, even though he wants to)

I'm a little good girl

I'm a little good girl

What makes you happy?

I gave you everything

Oh please forgive me

For being me

Walk on by

Chikaku ni ite mo kanjiaenai

(I can't feel love with you, even though we're close)

Jibun wo aishi hito wo aiseru

(I can love myself and others)

Walk on by
