

Olivia Newton-John "Carried Away"

Visit "[Carried Away](#)" on [MotoLyrics.com](#)

There you are, shiny as a morning star
It's a figure of speech but you're still out of reach
You never told me loving you could be so
Wrong and right and it's gonna be a lonely night
I turn to you, you turn away, you're looking at someone
else

And here am I, loving you more and more
We've got an open door, my love,
Oh let it be just a state of mind
And suddenly you appear

Iâ'm carried away, Iâ'm carried away
To be carried away, Iâ'm carried away
To be carried away, Iâ'm carried away

C'est la vie, so you wanna play another part
Can you say goodbye, can you live a lie
She'll never give you what I gave you was my
Breaking heart, better than I ever knew
And if you can live without my love, you're really gonna
be alone

And here am I, walking against the crowd

Calling your name out loud, my love,
Oh let it be just a state of mind
And suddenly you appear

Iâ'm carried away, Iâ'm carried away
To be carried away, Iâ'm carried away
To be carried away, Iâ'm carried away

Carried away, baby there ain't no final word
Iâ'll be yours again
I got a world of tenderness
Yours until the end

Carried away, Iâ'm carried away
To be carried away, Iâ'm carried away
To be carried away, Iâ'm carried away
To be carried away, Iâ'm carried away

To be carried away
Carried away, Iâ'm carried away
To be carried away, Iâ'm carried away
To be carried away, Iâ'm carried away
To be carried away, Iâ'm carried away
To be carried away, Iâ'm carried away
