(Olivia Newton-John/Jim Brickman)

I feel that I'm at a crossroad
I don't know which way to go
You say that I am changing
Into someone that you don't know

Who I am
and who I'll be
Is locked inside
inside of me
And if I follow my heart
Will you still be my friend if we break apart?
How do I make
How will you take my change of heart?

For years you have been my best friend
I thought that would always be
You know that I just can't pretend
It's written all over me

Cause where I'll go
And what I'll do
I just can't see my life without you
If I follow my heart
Will you still be my friend if we break apart?
How do I make
How will you take my change of heart?

Moving on
It's gonna take some time
When I'm gone
You might have a change of mind
Gotta take the chance
No matter what I find

No matter how far I travel
I think of you as home
It's not about finding someone else
It's all about being alone

Cause who I am

And who I'll be
Is locked inside
inside of me
Cause if I follow my heart
Will you still be my friend if we break apart?
How will I make
How will you take my change of heart?
How will you take
my change of heart?
