Here we go, breakin' up what we have built  
Leavin' out all the things that we have felt  
Where was I, where was I before you came  
From the first time that I saw you, I thought

Maybe I, maybe I did something wrong  
How I tried, but the words won't fit the song  
Found the door, but I could not find the key  
From the first time that I saw you, I thought, that you  
may be

Chorus:

So don't throw it all away  
I don't wanna be the one who's gonna have to beg you,  
stay  
I don't wanna be the one to change your mind, one  
more time  
Please stay, don't throw it all away

Though it seems that I just take it out on you  
Don't you know, only you can get me through  
Found the door, now I know that you're the key  
From the first time that I saw you, I knew, that you may  
be

chorus

Don't throw it all away, please stay
