"Every Time It Snows"

(feat. Jon Secada)

Spiraling and trembling
The snowflakes tumble down
Fluttering like angel wings
Like diamonds on the ground
Autumn leaves are gone now
Winter winds blow cold
But I'd dance through December
With your hand to hold
Oh It's you I miss the most
Every time it snows
Carollers and revellers
Their songs are bittersweet
The streets are full but they can't fill
The emptiness in me
Christmas lights are sparkling
But still they lack a glow
Everything reminds me
That you're too far from home
Oh It's you I miss the most
Every time it snows
Please come back regreso mi corazon
Please come back
Te extraño tanto mi amor
Back to me my love te neccessito te quiero
I need you here regreso mi regreso mi
I cry frozen tears
Spiraling and trembling
The snowflakes tumble down
Fluttering like angel wings
They fall without a sound
