Fool, whatever you do you remind me
Fool, wherever you go you won't find me

I'm really down on love, so save on your smile
Fool, I won't be needin' any, not for a while
I'm really down on love, so save on your smile
Fool, I won't be needin' any, not for a while

Fool, wherever you go you're a loser
Such a fool! I want you to know you're a loser

I'm really down on love, so save on your smile
Fool, I won't be needin' any, not for a while
I'm really down on love, so save on your smile
Fool, I won't be needin' any, not for a while
Fool, fool

I'm sure I should pass a law laying down
Declare, you will never wear your face in a frown
Obey, or be on your way!
Get on the first stage out of this town

There's me and my deputy to shake you down
If you don't grin, we will take you in
So spread some sunshine around
Obey, or be on your way!
Get on the first stage out of this town
