(kipner/parker)

Its nothing personal
In other circumstances
Another place, another time
I would take my chances

Oh, I know I could take you home tonight
But I don't want to wake up with you, wishing I was
alone
Ah, don't rush, cause when the timings right, I'll know
I wanna be sure
I just can't play the game anymore

Im not looking for a band-aid on loneliness
Im not looking for a temporary get-me-through-the-
night
Im holding out for something more than physical
I need love to make the sex right

Its nothing personal
In other circumstances
Another place, another time
And I might take my chances

I want you, and Im not hiding from the way I feel
Ive been trying to fill this empty heart with something
not real
And I don't want to live like that anymore
In a world gone crazy, these days youve really got to
be sure

So Im not looking for a band-aid on loneliness
Im not looking for a temporary get-me-through-the-
night
Im holding out for something more than physical
I need love to make the sex right

Times are different than before
Good things are worth waiting for

Its nothing personal

In other circumstances
Another place, another time

No Im not looking for a band-aid on loneliness
Im not looking for a temporary get-me-through-the-
night
Im holding out for something more than physical
I need love to make the sex right
I need love (its nothing personal)

Im not looking for a band-aid on loneliness
Im not looking for a temporary get-me-through-the-
night
Im holding out for something more than physical
I need love to make it feel right
(its nothing personal)

Im not looking for a band-aid on loneliness
Im not looking for a temporary get-me-through-the-
night
Im holding out for something more than physical
I need love to make the sex right
