I like Marys little lamp
I'll fallow you around
I won't make a sound
'Cause there's nothing left to say
It's all been sad before
And love can say no more

You and me together
Forever and ever
We together
Just me and you
Just us two

You can tell me anything
Anything you like
I swear it all my life
I will never go away
If you want me to stay
With you in every way

You and me together
Forever and ever
We together
Just me and you
Just us two

You were hunchy on the wall
I'll pick up the pieces if you fall
And I'll be the only smiling up
During the things that young girl should

You and me together
Forever and ever
We together
Just me and you
Just us two

Like marys little lamp
I'll fallow you around
I won't make a sound
'Cause there's nothing left to say

It's all been sad before
And love could say no more

You and me together
Forever and ever
We together
Just me and you
Just us two
Just us two
Just us two
Just us two
Just us two
