Night is draggin' her feet  
I wait alone in the heat  
I know, know that you'll have your way  
Till you have to go home  
No's a word I can't say

'Cause it gets me nowhere to tell you no  
And it gets me nowhere to make you go  
Will a little more love make you start depending?  
Will a little more love bring a happy ending?  
Will a little more love make it right?  
Will a little more love make it right?

Where, where did my innocence go?  
How, how was a young girl to know?  
I'm trapped, trapped in the spell of your eyes  
In the warmth of your arms  
In the web of your lies

But it gets me nowhere to tell you no  
And it gets me nowhere to make you go  
Will a little more love make you start depending?  
Will a little more love bring a happy ending?  
Will a little more love make it right?  
Will a little more love make it right?

Gets me nowhere to tell you no  
Gets me nowhere to make you go  
Will a little more love make you start depending?  
Will a little more love bring a happy ending?  
Will a little more love make it right?  
Will a little more love make it right?

Gets me nowhere to tell you no  
Gets me nowhere to make you go  
Will a little more love make you start depending?  
Will a little more love bring a happy ending?  
Will a little more love make it right?  
Will a little more love make it right?

Gets me nowhere to tell you no  
Gets me nowhere to make you go
