There's no power capable of
Coming between us dividing our love
To be faithful I have sworn
Together we can weather the storm

Our tomorrows are ticking away
Our hands are tied, we're victims of fate
In my darkness I will pray
For destiny to send me your way

Love make me strong
Give me the strength to carry on
Love make me strong
Tower of strength to lean upon
Love make me strong

The Seven Seas won't keep us apart
Not with an ocean of love in my heart
My devotion will see me through
'Cause nothing's gonna keep me from you

Love make me strong
Give me the strength to carry on
Love make me strong
A tower of strength to lean upon
Love make me strong

Oh, it's a sad, sad story
True lovers forced to part
Shot down in all it's glory
You'll hear the sound of broken hearts

My devotion will see me through
'Cause nothing's gonna keep me from you

Love make me strong
Give me the strength to carry on
Love make me strong
A tower of strength to lean upon
Love make me strong

Oh, oh, love make me strong

Love make me strong, make me strong
Love make me strong
