(Olivia Newton-John)

See them play in the moonlight
Watch them dance in the sun
They're the children of freedom--
everyone
As they care for each other
With no question or cause
They deserve to be treasured as a source of love

In their minds there are answers
And in time we will know
What the truth is about all we don't
know
They have no room for hatred
Though they've suffered much
pain
From the race we call human--who are afraid of love

If I can only help to right a wrong
With my dolphin song
Then I'll have done what I set out
to do
If I can only make one man aware
One person care
Then I'll have done what I
promised you

Let us hope it\\'s not too late
And that we can amend
All the pain we have suffered on a friend
We were born with our freedom
Oh we were born with the truth
Then why do we abuse it
We could choose--to love, to love
