See them play in the moonlight, watch them dance in  
the sun  
They're the children of freedom - every one  
As they care for each other, with no question or cause  
They deserve to be treasured as a source of love

In their minds there are answers, and in time we will  
know  
What the truth is about, all we don't know  
They have no room for hatred, though they've suffered  
much pain  
From the race we call human - who are afraid of love

If I can only help to right a wrong with my dolphin song  
Then I'll have done what I set out to do  
If I can only make one man aware, one person care  
Then I'll have done what I promised you

(Instrumental break)

Let us hope it's not too late, and that we can amend  
All the pain we have suffered on a friend  
We were born with our freedom, oh we were born with  
the truth  
Then why do we abuse it, we could choose to love, to  
love
