Whoaaaa whoaaa whoaaa whoaa whoaaaa!

Hey ya'll (hey ya'll)
Welcome to the greatest storm
I know (I know)
You have waited much to long
And I (and I)
I will be your shining star
I'm here (I'm here)
Better conquer fear and draw

Like a sword, I'm brought
Into the heat of the day
Like a knight, I'll fight
Until the fight is won

In the reign, I save
Each and every
Each and every
Each and everyone
'Till this war is won

And I'm meant to rule
By the sword
Slashing through the every inch of the power
The power in you

As I sit
As I stand
By the pain will I command
My kingdom

I'm a knight of the wind

Whoaaaa whoaaa whoaaa whoaa whoaaaa!

Hey ya'll (hey ya'll)
Welcome to the end is near
I know (i know)
I will bring you pain and fear

On the ground, to the sky

Face of you and I
In a flash, I'm gone
Hold me up so high
In the raise, I save
Each and every

Each and every
Each and everyone
'Till this war is won

And I'm meant to rule
By the sword
Slashing through the every inch of the power
The power in you

As I sit
As I stand
By the table I command
My kingdom

I'm a knight of the wind
The knight of the wind
I'm the knight of the wind

Cause I'm in some massive force
I strung all the power
But your mistakes all bring the fall
Battle every hour

Whoaaaaa whoaaa whoaaa whoaa whoaaaa!

Like a sword, I'm brought
Into the heat of the day
Like a knight, I'll fight
Until the fight is won

In the reign, I save
Each and every
Each and every
Each and everyone
'Till this war is won

And I'm meant to rule
By the sword
Slashing through the every inch of the power
The power in you

As I sit
Stand
By the table I command
My kingdom

I'm a knight of the wind
The knight of the wind
