A shadow of myself, just who am I Scan horizons
A tragic mystery
You could have left me here, sealed inside the pod
No one would ever know- The chaos control
My true identity
The power that is me

We all dance in fire
Trapped in this machine
Don't know how long we've waited
As the Eggman's watching
We all danced in fire
Looking thru the screen
Don't know how long we've waited
As the eggman's watches

With Rouge in the fight-electric lives
Change surroundings
A jewel in history
A treasure disappears-as she goes
Miss her as you look away-and no one knows
This power is the key
This power changes me

We all danced in fire
Trapped in this machine
Don't know how long we've waited
As the Eggman's watching
We all danced in fire
Looking thru the screen
Don't know how long we've waited
As the Eggman's watches

You didn't know, now am gonna show you. The power
that is me

You try to take me down, stop the show. Seems you've
never tasted fear or loss of control.
The power lives in me
The power that is me

We all danced in fire
Trapped in this machine
Don't know how long we've waited
As the Eggman's Watching
We all danced in fire
Looking through the screen
Don't know how long we've waited
As the Eggman's watches.
