Don't give up, here I am  
And if you need a helping hand  
I'm gonna be right here with you

I can feel a knowing here between us  
Yes, you walk on the path I walk too  
It takes just one second  
One moment to change your life  
But deep down you know you'll survive

Suddenly your deepest fears are spoken  
But you can't let your spirit be broken  
It takes just one second  
To stand up and say it's my life  
I won't give up

Don't give up, here I am  
And if you need a helping hand  
I'm gonna be right here with you

You're not alone, I've been there too  
And I understand what you've gone through  
I'm gonna be right here with you  
Right here with you

Sometimes there is not a rhyme or reason  
So you search for something to believe in  
Life is a dance and the answer  
To living is love

Don't give in, don't give up, here I am  
And if you need a helping hand  
I'm gonna be right here with you

You're not alone, I've been there too  
And I understand what you go through  
I wanna be right here with you

You will never be the same  
You can see the rainbow through the pain  
Let your heart be strong  
Feel the golden sun

Don't give up, here I am  
And if you need a helping hand  
I'm gonna be right here with you

You're not alone, I've been there too  
And I understand what you go through  
I wanna be right here with you  
Right here with you

Don't give in, don't give up  
Don't give in, don't give up  
Yes, I'll always be right here with you

Don't give in, don't give up  
I'll always be right here with you  
Don't give in, don't give up  
Yes, I'll always be right here with you

Don't give up, here I am  
And if you need a helping hand  
I wanna be right here with you  
Right here with you
