This one's for Christian,
This one's for Gabe,
This one's for Justin,
This one's for me,

Every time it came He took the pain,
He took away,
And in our place He stands,
Everyday, all day,
He lived to die,
He died to pay,
And in our place He stands,

Forty minus one,
Sin caused undone,
Black eye and spit,
Innocence they hit,

Every time it came He took the pain,
He took away,
And in our place He stands,
Everyday, all day,
He lived to die,
He died to pay,
And in our place He stands

And in our place He stands

Light of the world,
Light of the world,
Light of the world
