Take a look around  
Tell me what you see  
Do your eyes sing of undescrivable things  
You've never heard or even seen

If you take the time you'll see  
There's something missing

You're missing the fun  
Missing the run  
Missing it all  
You're missing me  
Missing the point  
Of you're every breath  
Missing it all  
You're missing me

From up here my view is clear  
I see the tears fall from your eyes caused by fear  
From the unknown from being alone

If you take the time you'll see  
There's something missing

You're missing the fun  
Missing the run  
Missing it all  
You're missing me  
Missing the point  
Of you're every breath  
Missing it all  
You're missing me

The growing grass, the blowing wind, the shooting  
stars you see  
If you look close enough you'll notice that they're all  
written by me

You're missing the fun  
Missing the run  
Missing it all  
You're missing me

Missing the point  
Of you're every breath  
Missing it all  
You're missing me

You're missing the fun  
Missing the run  
Missing it all  
You're missing me  
Missing the point  
Of you're every breath  
Missing it all  
You're missing me

You're missing me  
Missing me
