I'm tired of trying to explain this to you  
It's gone way too far  
And when I wake, it's all I think about  
And all of this time has got to go  
I've been out on my own so long  
I should have left alone  
We both know would you wait  
Because tomorrow's not promised today

Done I'm gone  
How can I help you when you know you're wrong  
Gone so long  
I know it's hard alone so just be strong

I'm tired of living what you do  
It's time for something more  
And when I wake it's all I think about  
There's some way to let you know  
And I've been thinking about this song  
The words needed to say  
Will I break? Will you run?  
From all the things you have already done

Done I'm gone  
How can I help you when you know you're wrong  
Gone so long  
I know it's hard alone so just be strong  
There's too much that I tried to tell you  
You can't hear what I'm trying to say  
Gone so long  
I know it's hard alone so just be strong
