Kato v san neprobuden

Sas tchii otchi nanuvam  
Tchii e tozi lik obretchen  
Smaten glas mi se pritchuva  
I otekva s vik dalechen

Kak da zarna da progledna  
Tachujdi obraz da pregarna  
Na litseto mi smuteno  
Griah v nadejda da prevarna

Sas sartesto mi shte diria  
Pat v sadbata nepoznata  
Niamam maitchina zakrila  
Niamam nishto na zemiata

Dojato namerja uteha vyv  
Noshitite  
Biagam ot sebe si  
Potavat mi siedite

Kato v san neprobuden

As if from a deep slumber...

From whose eyes do I see?  
Who does this cursed face belong to?  
I can hardly hear the vague voice calling  
Like a scream echoing from afar

Will I ever understand?  
How to embrace  
This unknown face  
And turn sin into hope?

With my heart, I'm seeking  
A path through my uncharted fate  
I have no mother land  
I have nothing on this earth

Until I have found a Redemption

In the hearth of the night  
I run from myself  
My feet sinking

As if from a deep slumber...
