Frosty the snowman, had a dick of snow,
He could only fuck a bitch if her pussy was real cold,

Frosty was frustrated, but that's how the cards was
dealt,
When a girl would pass with a big hot ass, his dick
would surely melt,

Spring will be here and his dick will disappear, like a ice
cube in a parking lot,
Frosty tried to fuck this girl named doc but her pussy
was too hot,

Frosty the snowman was never able to come, he tried
to fuck a queer, the sun would appear and frosty had
to run,

Now its time for Frosty's dick to disappear (say what),
He'll say goodbye but don't you cry, he'll fuck you
again next year.

(Fade out)
