Live is a bitch no meaning for this pimp.  
Always thinking who is going to be your next bitch.  
Is eazy for me to say that the next bitch is  
your mommy or maybe your daddy  
I don't give a fuck because i still keep the 2 heads up  
high for those  
bitches to cry for tonight,  
But I'm still talking shit no matter what you say your  
some other  
bitch tlking shit it don't give a fuck I still keep this lower  
head up  
for you to suck on, still having shit to say will fuck you  
I'll do you  
like bitch today. You think your America most wanted,  
but thats just  
on your games and mind but your just some bitch  
wanted for giving  
head and living blisters on our dicks, and know i have  
to say  
more cause you made my dick sore it hurts you laugh  
but  
will you laugh when I stick my thumb up your ass turn it  
reverse it  
either way i'm gong to expose it.
