I'm sorry that I, wrote this wrong song
I've tried really hard, for so long long
Baby don't cry, answer's no no
I won't write such songs no more

She's the one who I care about and she's worth it
She's got the key to my heart & soul
Since I remember we've been together sharing hope
That nothing can stop us from reachin' our goal
But there's somethin' in the air
Comin' from another girl... She shines so bright...
There's something wrong with her
Cause I see her everywhere I go
and I can't help it
I'm outta control

I'm sorry that I, wrote this wrong song
I've tried really hard, for so long long
Baby don't cry, answer's no no
I won't write such songs no more

She came to me one day
Shining, precious bird of prey
I knew I had my baby, but
She kept messing with my head
All I've ever wanted , she have promised she'll get that
So I stayed a while, with open mind, listening what she
got to say
All the shining stars (all the shining stars)
Sky and mountains high (sky and mountains high)
You will have it all if you just follow my lead now
So I did and now I'm high
But I see my baby cry
I want you back , forgive me baby
