You stand ground like a warrior
But the way you listen like you've never heard anything
And the worst is you hold my hand
You're like nobody I've ever know
But I aint no city boy

I don't mind how you're knowing me
But the way you're acting how you never stop holding
me
And the worst is you use both hands
City girls aren't supposed to though

So if we're in love I suppose
I'm out of here before I get too close
And if we're in love I suppose
You're the worst city girl I've known

If I'm one and one and two is me and you
Then three's a place I swore I'd never get to
And the worst is you changed my mind
I've never been much the nervous kind
But you ain't nervous
It's a fast world where you're from you speed along

Make you run so fast you can't focus on
And the worst is, no I change my mind
The best is I still get all your time

So if we're in love I suppose
I'm out of here before I get too close
And if we're in love I suppose
You're the worst city girl I've known

So shame on me for getting too close
Shame on you and you're bedroom window
And your body so close to me
I shudder and I dream of the city
All along the way, you've been nothing but trouble
Oh, but somehow here we are

So if we're in love I suppose
I'm out of here before I get too close

And if we're in love I suppose
You're the worst city girl I've known [x4]
