Goddamn life he gave me  
Stayed too long already  
Would it be too much to give me  
Somebody who wants to keep me?  
Goddamn baby left me  
Goddamn preacher save me  
These goddamn people hate me  
Oh, they hate me  
If I could fix it I would  
It'd be the better thing for me  
If you would fix it you could, is what she said to me

The woman is right you know  
'Cause women they always know  
Who's gonna save my soul?  
Goddamn life he gave me  
Stayed too long already  
Would it be too much to ask me  
What I want for once, just ask me  
Goddamn baby left me  
Goddamn preacher save me  
These goddamn people hate me  
Oh, they hate me
