[Verse 1:]

There are words I've gotta say,
There are things I've gotta make way for in my life
There are things I've gotta change,

I look outside and the grass is green
My life is a mess but the air is clean
Will somebody please, explain this to me

[Chorus:]

When you came along, my life turned upside down
I was all alone till you pulled me up from the ground
I lift my head, and you are smiling down at me
I guess that's what friends are for,
Coz friends are like, Family

[Verse 2:]

And if you learn to trust your soul
The pain will end and you'll be whole
You'll find your way, you wont yearn for yesterday

Coz I'll be there to wipe your tears
Give you courage, and strike your fears
Take my hand and you will see
We're right where we need to be

[Chorus:]

When you came along, my life turned upside down
I was all alone till you pulled me up from the ground
I lift my head, and you are smiling down at me
I guess that's what friends are for,
Coz friends are like, Family

[Bridge:]

I'm on the dark side of the moon,
Taking your time please get here soon
I miss your love and everything you do
For me

[Chorus:]

When you came along, my life turned upside down
I was all alone till you pulled me up from the ground

I lift my head, and you are smiling down at me
I guess that's what friends are for,
Coz friends are like, Family
