[Verse]

Imagine you're at home
No mirror on the wall
So there's no dark and blurred reflection
Anymore

It wears me down
It breaks my heart
When you walk through my front door
This is where the confrontation starts

Take a moment to look at me
Can't you see the joy on my face
Has turned to misery

Just hold my hand real tight
Well you may be angry,
But we'll put that right

(Chorus)
Coz I'm scared of what you'll say
When you're angry at me

Well it's hard to smile now
When you show my now sympathy
Don't let your troubles involve me

(Verse)
Up the stairs to my room
The shouting the screaming
Travels right through the walls

Put my hands over my ears
Use the pillows to wipe away
My tears

I think back to when we used to be
Living far away from here
As a happy family

Where did that all go wrong?
I'm still sitting here

Writing endless songs about you

And still I am...

(Chorus)

Well I'm still

Scared of what you'll say

When you're angry at me

Oh, well it's hard to smile now

When you show me no sympathy

And I, I'm still

Scared of what you'll say

When you're angry at me

Well it's hard to smile now

When you show me no sympathy

Don't let your troubles involve me
