There's an orchestra of Dorcas, all of 'em whaling
away.
Choruses of porpoises echoing down the bay.
There's a great big seal of approval,
Flocks of penguins at play.
Squeaking and gabbing and shrieking and babbling,
They've got so much to say.

We're all singing the same sweet song.
Some sing treble and some sing bass.
We're all swimming in one big pond,
As we go swimming through space.

Chorus:
All together, All together.
All together, All together.
We're all making one joyful noise,
As we go spinning through space.
We're all walking the same green earth.
We're all sharing a special place.
We're all rowing the same big boat
As we go spinning through space.

Chorus

Row, row, row your boat,
Gently down the stream.
Merrily, merrily, merrily, merrily,
Life is but a dream.

We're all walking the same green earth.
We're all sharing a special place.
We're all rowing the same big boat
As we go spinning through space.

All together, All together.
All together, All together.
We're all making one joyful noise as we go spinning.
We go a-spinning. Spin, spin spinning.
We go spinning, all together,
Spinning through space.
