Fair maidens of the Mall of America  
It is time to enter the fabulous food court

Here you will find the finest fast dining of the world  
Chinese and Japanese, Middle Eastern too  
Mexican and Indian, Italian just for you  
And for those who are not as adventurous  
American will do

But look at all the candy!

They got taffy stores where we can pull  
The taffy for ourselves  
They got fudge shops where we create our favorite  
kind of fudge  
They got the biggest store the world has seen  
For every flavor jelly beans  
Don't forget, you can't forget the wide array of ice  
cream!

Listen my friends, no offense to my sister  
If you eat all that candy, you'll never be sicker  
The thing to do you must realize  
Is eat a good meal, that's what I advice.

I adject!  
Overruled!  
Can't we compromise?

Here we can eat any meal we choose from all over the  
world  
Surafryer, sushi, shwarmas just for you  
Enchiladas, cury chicken, fries and burgers too  
And for those who are still hungry afterwards  
Candy for dessert  
All right fudgy food court, I accept your ruling,  
But how will we decide what kind of food to eat?  
There are so many choices, let's see what sounds  
good.

A pizza pie sounds way too dull for what we have in  
mind

And though a burger's fun with lots of fries  
We can get them anytime  
So let us eat exotically, try some food with cury  
You get the shwarmas, and sushi  
And I'll get the chicken tendery  
I bought some fries for good measure.  
Got enough room for dessert?  
YEAH!

(eating lunch fast)
