1. I'd never see the light go down in my self
I'd never see the night some authumn for

but with you I feel it all

I'd never be the one to be the latest
the star is standing first day line
but with you I undergradest, something like I can't
describe

(BRIDGE)

and if I knew that this would be the last time
I was gonna faith tomorrow without you by my side
and if they said this worth in end of the night
somehow I would know inside

(CHOURS)

You and I was there right on time,
somthing that I never can denight
baby when the day is gone,
I be holding on
and even if I want to see the light,
if I ever come to say good night
that would be the loongest goodbye

I was gona faiht anodder love
