There's a lot to like about Christmas,  
like spending time with friends.  
Baking things and trimming trees,  
and getting lots of presents.  
But the best thing about Christmas,  
is the feeling that you get,  
when you give your loved ones something they never  
will forget.

Like a handmade card, a puppy dog, or a really great  
CD.  
It's the spirit of giving that makes you feel happy.

Chorus:

It's better to give, give, give, than to receive.  
It's better to give, give, give, than to receive.  
Cause when you're giving you are getting the coolest  
gift of all.  
Appreciation and love.  
When you take time to consider all the gifts you have.  
The greatest one is your family and your friends from  
all around.  
So we like to take this occasion to let them know we  
care.

We wrap a gift like a candle stick or some cookies we  
can share.  
Like some popperi, a bonsai tree, or home-made  
pottery.  
It's the spirit of giving that makes you feel happy.

Chorus

Appreciation and love.
