I am the cute one
It's obvious
There's no comparing
The two of us

I'm not to blame
The facts are plain
I've got the looks
I've got the brains
And I am the cute one
She's just my sister

I am the cute one
Everyone knows
I've got the profile
She's got the nose

She is the older
I am the younger
So after all is it any wonder?
I am the cute one
She's just my sister

People say we're two peas in a pod
And that we look like each other
There's something that they forgot
I am the cute one
She's just my sister

(la la la)

I'm not to blame
The facts are plain
I've got the looks
I've got the brains
And I am the cute one
She's just my sister

People say we're two peas in a pod
And that we look like each other
There's something that they forgot
We're not the same whatever you say

I love her and she is OK

But I am the cute one
She's just my sister

You wish
I am the cute one
She's just my sister

Untrue
I am the cute one
She's just my sister

I'm sorry
I am the cute one
She's just my sister
