Hey Jack, Hey Jill  
Oh it feels like we're going uphill  
along this Monday Morning  
So much to get through  
You're catchin' up with me,  
I'm catchin' up with you  
before the first bells warning  
What'd you do on Friday night?  
Who'd you talked to on the phone last night?  
Monday Morning...

I feel so good  
I met the cutest guy in my neighborhood  
Isn't that exciting?  
I dreamt all night, I got a secret note  
but that's alright cause I knew his writing

Hey I like your brand new shoes  
Do you have a pen you could let me use?  
Monday Morning...

Another week behind the desk for me  
But I'm in the very best of company  
The only good thing when the weekend ends  
I get to be with all my friends  
Monday Morning...  
(Monday, Monday, Monday, Monday, Monday, Morning)

Everything is going here again  
Oh I don't know what I'll do without my friends  
Same time same old place  
Still I got another smile on my face  
Oh it's time to run a note, well hang on tight  
'Cause here we go...  
Monday Morning...  
(Morning)
