We're gonna play some video games.  
Yeah let's play "Video Monster"  
YEAH!

It started out so innocently.  
A game of skill, a little fantasy.  
But it's alive now like never before.  
And Toto I don't think we are in control anymore.

Chorus:  
Video Monster, he's the friendly kind,  
But he must have been hungry cause he set this inside.  
Video Monster when he missed his team.  
Still we've got to be quick until we figure out,  
How to quit this game.

Deep inside the video scene.  
Gotta swim the river, you gotta jump the stream.  
Wrestle every alligator, climb every stair.  
There's gotta be a secret passage here somewhere.

Around every corner waits another surprise. (Uh oh.)  
You reached another level, the point totals rise. (Yeah!)  
And just when you think you finally cleared the deck...  
Uh oh! More creepy creatures breathing down your neck.

Chorus

Lunch with the banana bunch, there's creatures here on ice. (Yeah!)  
Yeah! And fire breathing dragons that are really rather nice. (Huh?)  
You need to know just when to jump and when you should let go!  
Or you might end up just like us inside the viddy, viddy, viddy, video.

Chorus (2X)

How to quit this game.  
Yeah!
