We're calling everyone,  
We're putting out the welcome mat  
- I've got the toons  
- I've got the food  
We've got the party-hats  
We've got everything we could ever need  
A real good time (YEAH) is guaranteed

So jump up and put on your dancing shoes  
With hosts like us there's no way you can loose  
It may get crazy when things start to roll,  
but never fear the twins are in control

You're invited  
Come on, we've got a lot to do  
You're invited  
We're exited and delighted to see you  
You're invited  
Bring a friend along  
Laugh and sing a song  
The party's about to start

You're invited - You're invited - You're invited  
YOU'RE INVITED!

If it's up to me  
You're R.S.V.P
