It's a peaceful night  
All is still and quiet  
and slowly it starts to come down

It's always dark  
When you first realize it  
and slowly it starts to come down

It's raining...  
The start of something better  
Yet emptiness still fills my heart  
It's raining...  
Can't tell if she's crying  
Can't find the right words to say

Look away  
Hear the sound of nothing  
Sigh as you're falling away

It's raining...  
The start of something better  
Yet emptiness still fills my heart  
It's raining...  
Can't tell if she's crying  
Can't find the right words to say

It's a peaceful night  
Left here on the doorstep  
Don't know if I will be back  
It's a peaceful night  
Left here on the doorstep  
Don't know if I will be back

It's raining...  
The start of something better  
Yet emptiness still fills my heart  
It's raining...  
Can't tell if she's crying  
Can't find the right words to say  
It's raining...  
The street light fades behind me

Washing my heart in the night
