Feel so alone, so alone
Can't take the taste of all the bitterness that's come
between
Our souls
Walk away from it all
We'll turn away and pretend it never mattered
And we'll

Watch our dreams go by
Our faults from yesterday
May ache, but I
I would like to say
I'm sorry
I'm sorry

Hold back and hide from it all
Try not to shed a single tear that may remind you of
Our fall
From the sky, from the sky
We'll build a wall and we'll say it never happened
And we'll

Watch our dreams go by
The thought that we might stay
May fade, but I
I would like to say
I'm sorry
I'm sorry

Don't tell me I'm not awake
Don't tell me everything's not real and all we were was
a
Mistake
Once again, once again
I hope you keep your best memories of me and let
Them burn

As our dreams go by
Our sparks of inner fire
May die, but I
I would like to say

I?m sorry
I?m sorry
