I know a story so sad
You know what they say
A foreign princess so fair
Will steal your heart away

I'm lost and confused
It's driving me out of my mind
The taste of love fades too soon
Leaving you behind

Makes me wonder
Did I see
Glimpses of my destiny

Goodbye my friend I'm leaving soon
For the mountains of the moon
Until the end I'll be sad and blue
Crying over you

Passion and rage in my heart
In sacred harmony
There's no reason, no rhyme
It's just meant to be

You came with the moon
To wake me up with your light
Your wide open wounds
Bleed the blood of the night

I need a wonder
Not a dream
A moment in reality

Goodbye my friend I'm leaving soon
For the mountains of the moon
Until the end I'll be sad and blue
Crying over you

Sometimes wishes come true
I'm waiting patiently
For the final sign
An answer to my dreams

But something calls me to go
A whisper on the wind
Maybe it's you I don't know
But I can feel the change begin

I need a wonder
Not a dream
A moment in reality

Goodbye my friend I'm leaving soon
For the mountains of the moon
Until the end I'll be sad and blue
Crying over you
