Since the first time we met there were
Fire and sparks
Lighting our path when we walked through the dark
Yes there were sad days stormy and cold
We had to be brave
Fighting our way
Just like we've been told

Walking through sunshine seeing only rain
The story begins all over again

I am fading away
I am hiding my face
I am turning my back on the sun
There's no reason to stay
There's no hiding place
I'm a wanted man on the run

We weren't using names never needed to
I was falling apart and there were you
Then there were long days laying in the sun
You took my heart
I played my part
Now see what you have done

Sailing through sunshine seeing only rain
The story begins all over again

I am fading away
I am hiding my face
I am turning my back on the sun
There's no reason to stay
There's no hiding place
I'm a wanted man on the run
