"Don't You Know"

Visit "[Don't You Know](#)" on MotoLyrics.com

Don't you know that I love you
You make my heart skip a beat
Don't you know that I love you
You make my heart skip a beat
When it comes to good lovin'
You got the kind I need

Lord you give me the tremble
You set my soul on fire
Lord you give me the trembles
You set my soul on fire
Don't you know that I love you
You are my heart's desire

I dont want nobody to say a word to you
I dont want nobody to say a word to you
I'm a jealous man
I'm evil through and through

Don't you know that I love you
You make my heart skip a beat
Don't you know that I love you
You make my heart skip a beat
When it comes to good lovin'
You got the kind I need

chord change / guitar

Every night and every day I got my eyes on you
Every night and every day I got my eyes on you
Don't you know I love you
Nobody else will do

Don't you know that I love you
You make my heart skip a beat
Don't you know that I love you
You make my heart skip a beat
When it comes to good lovin'
You got the kind I need
