I walked all the way from Jackson  
Down to Crystal Springs  
I walked all the way from Jackson  
Down to Crystal Springs  
Nobody seem to know me so  
I walked to New Orleans

I went down to the Dixie Drug Store  
Just to have my future told  
I went down to the Dixie Drug Store  
Just to have my future told  
The gypsy woman said "Man  
You better grab your things and go"

There ain't but one thing in this world  
Stays on my worried mind  
There ain't but one thing in this world  
Stays on my worried mind  
Everywhere I go  
People treat me so unkind
