Iâ€™m a firewalker holy ghost talker  
Iâ€™ll walk the coals to prove itâ€™s true  
Iâ€™m a firewalker holy ghost talker  
I cross the flame to be with you

The fields on fire and the whole townâ€™s burninâ€™  
Donâ€™t know what to do  
â€™Cause the roofs fallinâ€™ down  
And the water quit runninâ€™  
Thereâ€™s no one there to help you

The roads all closed the bridge has crumbled  
Telephone line is dead  
You canâ€™t get in, you canâ€™t get out  
But baby it ainâ€™t over yet

Iâ€™m a firewalker holy ghost talker  
Iâ€™ll walk the coals to prove itâ€™s true  
Iâ€™m a firewalker holy ghost talker  
I cross the flame to be with you

I said hold on baby it wonâ€™t be long  
Gotta have a little faith in me  
If it gets down to it I will walk right through it  
Chase the devil to the deep blue sea
