The world's not picture perfect  
And the streets ain't paved with gold  
And sometimes life gets a little too hard you know  
You take the good times with the bad times

The heaven with the hell  
And sometimes you just got to draw from the wishing  
well  
I said life is just a circle  
A ride on a merry go round

You got to roll with the punches  
You got to move with the ups and downs  
Life is just a circle  
Loop-de-loop round and round

One day you are the king of the bill  
The next day you're tumblin' down  
You take one step to the front line  
Then it's two steps to the back

And sometimes it seems like all the cards are stacked  
Then from out of nowhere  
Good luck come your way  
And all your troubles vanish in the haze

I said life is just a circle  
A ride on a merry go round  
You got to roll with the punches  
You got to move with the ups and downs

Life is just a circle  
Loop-de-loop round and round  
One day you are the king of the bill  
The next day you're tumblin' down

Loop-de-loop round and round  
Loop-de-loop round and round  
Just when you think you're movin' up  
Your lifes goes spinnin' round

I said life is just a circle  
A ride on a merry go round  
You got to roll with the punches  
You got to move with the ups and downs

Life is just a circle  
Loop-de-loop round and round  
One day you are the king of the bill  
The next day you're tumblin' down
