I got me girl named Bessie
Got two girls named Mary
Got a woman downtown, I don't know her name
That's alright with me, 'cause I'm a lover man, baby
I love 'm all you see
I love 'm and I leave 'm
That's the way it's gotta be

There's so many women Lord I'm lovin'
So many men are mad
I've been cut, shot, badly beaten
It's a wonder I ain't dead
'Cause I'm a lover man, baby
I love 'm all you see
I love 'm and I leave 'm
That's the way it's gotta be

So many women, keeping me busy
I'm spread so thin that it makes me dizzy
Got women in the country, women in the town
Better believe I ain't gonna let them down
I'm a lover man, baby
I love 'm all you see
I love 'm and I leave 'm
That's the way it's gotta be

I got me girl named Bessie
Got two girls named Mary
Got a woman downtown, I don't know her name
But that's alright with me, I'm a lover man, baby
Love 'm all you see
I love 'm and I leave 'm
That's the way it's gotta be, yeah

Yeah, I love 'm and I leave 'm
That's the way it's gotta be

Loverman, ha ha ha
