You got a mail order mojo  
Now you think you hot  
Foolin' round with something  
When you know you ought to stop  
You saw it in a magazine  
You sent for it by mail  
Advertisement promised guaranteed to never fail

You got a mail order mojo  
It's a brown paper hojo  
You got a mail order mojo  
Get your powers postage due

And now you run around  
With your little bag of tricks  
Trying to stir something girl  
Now just to get your kicks  
Your mail order mojo is causing quite a mess  
Your foolin' round with something  
When you ought to let it rest
