"Moon Bit Fool"

You can make my coffin from the finest wood
Polish it up and make it look real good
Take a little brass plate
On it say: "He was a moon bit fool
Till his dyin' day"

I' m a moon bit fool
Well, I' m a moon bit fool
No matter what I do
Well, I' m a moon bit fool
When I lose my cool
I break the rules
I' m a moon bit fool

You can dress me up in a red silk suit
Give me a million now for spending loot
See me next week I' ll be a ragged man
I let a cool million slip through my hands

I' m a moon bit fool
Well, I' m a moon bit fool
No matter what I do
Well, I' m a moon bit fool
When I lose my cool
I break the rules
I' m a moon bit fool

You can get mad you can raise a fuzz
Lose your religion you can scream and cuss
Cry cry cry till you start a flood
But I won' t change cause it' s in my blood
