"Red River"

South of Oklahoma
North of that Texas line
There's a long and winding road
Where I used to spend my time
Cannonball off the old bridge
Watermelon in the shade
Fishin' line round your big toe
Arrowheads in the clay

Yeah yeah red Red River
Mighty river river roll
Yeah yeah Red River
Muddy water take me home
Red Red River

I used to wonder
Where did that river run
My heart just had to follow
The beat of that distant drum
Every road I travel takes me back
To the day you set me free
No matter where I go
You'll always be part of me

Yeah yeah red Red River
Mighty river river roll
Yeah yeah Red River
Muddy water take me home
Red Red River
