Got me runnin' from you baby
I'm so scared that I can't speak
Got me runnin' from you baby
I'm so scared that I can't speak
You got me hidin' in the daylight
Nighttime comes I'm scared to speak

I use to love you baby
But you came on way too strong
You was always right
I was always wrong
You turned your friends against me
And you lied to my friends too
And now I've run away baby
What else can I do

You got me runnin' from you baby
I'm so scared that I can't speak
You got me runnin' from you baby
I'm so scared that I can't speak
You got me hidin' in the daylight
Nighttime comes I'm scared to speak

You told your mother baby
You wish that I was dead
Put gasoline in my coffee
And poison in my bread
You told your daddy baby
You want me skinned alive
And then you act insulted
'Cause I wanna save my hide

You got me runnin' from you baby
I'm so scared that I can't speak
You got me runnin' from you baby
I'm so scared that I can't speak
You got me hidin' in the daylight
Nighttime comes I'm scared to speak
